

## **Mass. moving company expands into Charlotte**

Charlotte Business Journal - 2:28 PM EDT Tuesday

Gentle Giant Moving Co., a residential and commercial moving company with 15 locations on the East Coast, has expanded into Charlotte.

The Massachusetts-based company says the population migration to the Southeast from the Northeast has created an increased demand for its residential moving services.

"Our continued success in the Northeast has enabled us to look to other communities that are in need of a high-quality moving service," says Larry O'Toole, president. "Customers have always told us that Gentle Giant takes the stress out of the relocation experience."

Along with its Charlotte location at 301 Clanton Road, the company has facilities in Massachusetts, New Hampshire, Rhode Island, New York and Virginia.

Gentle Giant offers local, interstate and international service.
